

“SPANISH OSH STRATEGY 2023-2027- Coordination and participation”.

Session OSH NATIONAL STRATEGIES

NATIONAL SAFETY AND HEALTH COMMISSION

- **Created by Law 31/1995 (art. 13)**- Risk Prevention Law.
- According to the dispositions of **ILOs conventions 155 and 187**.

CNSST is a collegiate body whose aim is to become an assessment institution to the public administration in the design of OSH prevention policies.

CNSST is the institutional participation body in the OSH field.

CNSST Functions

- Being informed by the public administration of their activities in OSH.
- Inform and make proposals regarding the general programs and criteria of the public administrations.
- Coordinate OSH activities of the public administration, in particular in labour, health and industrial fields.
- Inform normative proposals and approve CNSST working group proposals.

CNSST Rules

CNSST is a **tripartite body** (in terms of votes) with **4 groups of interest**:

- National public administration
- Regional public administration (Comunidades autónomas)
- Trade union representatives
- Employers Unions

3rd SPANISH STRATEGY ON SAFETY AND HEALTH AT WORK 2023-2027

Third Spanish Strategy on OSH 2023- 2027 (EESST)

Safety and Health at Work
National Commission (CNSST)

APPROVED

Council of Ministers

APPROVED 14th March 2023

WHAT?

Prioritised set of actions that will be developed in OSH

WHAT FOR?

To accomplish the desired objectives

WHO?

- Government
- Regional Authorities
- Social partners

WHERE?

In a scenario in permanent evolution and with an extended legislation

WHEN?

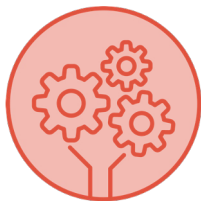

Medium term period (2023 -2027)
2 ACTION PLANS (2023 -2024) (2025-2027)

OBJECTIVE 01

Improve the prevention of occupational accidents and diseases.

Chronic diseases, specially MSD, and cardiovascular accidents, ergonomic and psychosocial risks

OBJECTIVE 02

Manage the changes coming from new forms of work, demographic and green transitions.

Improving scientific and technical knowledge to support legislation.
Management tools to cope with these new challengers (sme)

OBJECTIVE 03

Improve health and safety management in SMEs: a commitment to integration and training in occupational health and safety.

Help SMEs to integrate OSH in their management systems, with new tools and improving continuous OSH training

OBJECTIVE 04

Strengthening the protection of vulnerable groups of workers or workers with a higher risk level.

People are at the center of the strategy. Health and care sector. Domesticworkers.

OBJECTIVE 05

Introduce the gender perspective in the field of occupational health and safety.

OBJECTIVE 06

Strengthen the national health and safety system to successfully face future crises.

Alliances with regional governments will be a priority along with better coordination with public health authorities)

3rd Spanish Strategy on Safety and Health at Work

2023-2027

6 MAIN OBJECTIVES

PRIORITY AREAS

LINES AND SUBLINES OF ACTION

National Agenda to prevent occupational cancer

- Adaptation to the technical progress of regulations, aligned with the changes at European level, and the enforcement of their implementation at enterprise level.
- Working towards a more informed working society. Joined the European "Roadmap of carcinogens".
- Improving preventive resources and tools, integrating: chemical substances, assessment, substitution, prevention and control, health surveillance and early intervention actions.
- Improving epidemiological knowledge. Mobilise scientific and research resources.

Special Action on Mental Health

- The promotion of an effective assessment of psychosocial risks
- The development of epidemiological studies on mental health, in collaboration with medical societies and improvements to the management of psychosocial risk in companies.
- Identify transferable practices in the promotion of Mental Health and the recognition and promotion of these good practices.
- The promotion of guidelines on return to work programs and employability programs to help workers with mental health problems to find a job.

To Promote Legal Changes using the Social Dialogue Focused on

- Psychosocial risks
- Gender perspective
- Transitions
- Providing advice to SMEs to implement OSH regulation
- Strengthening the national OSH System developing coordination mechanisms
